CULL SOWS

Farm Health Planning
Healthy Animals Healthy Profits

Use this chart each time you cull a sow to provide key information that can be used in conjuntion with your vet visits.

Everytime you cull a sow record if the cull is selected or forced.

Note key events, ie change of feed.

number of culls	1 forced	1 selected	2 forced	2 selected	3 forced	3 selected	4 forced	4 selected	5 forced	5 selected	6 forced	6 selected	7 forced	7 selected	8 forced	8 selected	9 forced	9 selected	10 forced	10 selected	11 forced	11 selected	12 forced	12 selected	13 forced	13 selected	14 forced	14 selected	15 forced	15 selected
