Short description of the contract or purchase(s)

The House of Commons Catering & Retail Service (CRS) requires the supply of Meat, Poultry, Game, & Associated Products to be delivered for use in our many varied restaurants and catering outlets. The requirement will encompass all fresh meat, poultry, and game products along with some associated meat products including (but not limited to) bacon, sausages, offal & bones, cured meats, and pates etc (although some imported charcuterie will fall under a separate delicatessen contract). CRS is looking to appoint a small core of suppliers of no more than three who can all demonstrate they have the ability to supply most or all of these fresh products of a suitably high quality on a regular basis at competitive prices to meet the varying requirements of the different types of catering outlets and functions.

Below is a brief indication of our current frequently ordered items and outlining provenance:
